

# FAST TRACK YOUR FREIGHT ONLINE WITH MyNetex

**Network Express presents MyNetex – our platform which allows businesses to fast track freight requests.**

Through this highly intuitive and responsive platform, gain access to pricing for freight consignments, generate multiple quotes across an extensive network of carriers and turn these into consignment notes instantly.

Forget searching for freight service prices across multiple platforms with different businesses, this information can now be accessed all in one place.

## The benefits:

- This multi-carrier system allows users to choose between the best carriers available;
- Advanced online technology makes quoting and budgeting for a job a very simple process;
- Online tracking allows you to follow your goods across Australia – you will always know where your cargo is.

For more information and to register for exclusive access to MyNetex, contact us today. It's quick and simple and we only require a few details.
